

# PLEASANT BAY COMMUNITY BOATING

## Science Instructor

Pleasant Bay Community Boating is an organization that offers boating, marine education, and environmental stewardship opportunities. We are dedicated to serving all members of the community including those with physical, developmental and cognitive disabilities, as well as under-served communities. We offer youth and adult sailing lessons, community outreach sailing experiences, marine science camps and hands-on activities, and boat rentals. Our fleet includes Flying Scots, Sunfish, 420's, Catboats, Kayaks, Lasers, Opti's, and a solar-powered floating classroom.

PBCB is looking for qualified Science Instructors to teach a variety of classes. Our Science Instructor will be confident leading hands-on lessons, hold safety as a top priority, and act as role models for campers. The Science Instructor will work primarily with our Science & Sailing campers.

### Responsibilities:

- Become familiar with our program offerings and be able to answer parent or customer questions
- Assist Science Coordinator and other science staff in teaching informal, outdoor lessons for participants of all ages, mainly marine science camp
- Work with the Science Coordinator to improve marine science camp curriculum, which deals with topics like global climate change, ecosystem ecology, and weather
- Assist in teaching lessons and leading hands-on activities for marine science campers ages 6-14, who are on the property daily from 9:30 AM – 3 PM from June 22nd through August 14th, 2026
- Assist Science Coordinator on our 37' floating classroom by helping to implement curriculum developed for the vessel, mainly for marine science campers
- Help enforce PBCB's water safety protocols and act as a role model on the bay and ensure that youth program participants are always supervised

### General Skills:

- Think on your feet, adjust plans as needed, and be a strong leader for participants
- Work alongside PBCB's directors and other instructors to make sure participants are learning, progressing, and staying safe
- Always model respect for the water, each other, and our equipment and follow all PBCB policies

### Requirements:

- You must be 18 or older by June 22nd, 2026
- Strong background or interest in teaching, outdoor education, and STEM desired, a degree in a relevant field considered but not required (we welcome students!)
- Current certification or willingness to obtain CPR/First Aid - any additional certifications or experience related to science, sailing, powerboating, leadership, working with children, or water safety will be strongly considered
- Availability for the duration of our summer programming required: Monday – Friday, June 22nd through August 14th, 2026, plus part-time the week of 6/15 for staff training. Part time work with spring field trips is available in late May/early June
- Employees are given a complimentary boat rental pass when off duty
- Salary offers based on experience and relevant certifications, but will fall between \$18-20/hour

To submit your resume and cover letter, please contact [Science Coordinator Miranda Van Allen](#)
